OLD BUSINESS

Penryn Fire District Request for Service Proposal: The Chief recommends discussion and authorization to move forward toward a negotiation process with the Penryn Fire District. Chief Walder recommended the Board form an ad hoc committee of 2 to 3 members to further meet with the Penryn Board members to further discuss a service proposal. Directors Gibson, Johnson, and Musso volunteered for the ad hoc committee. Chief Walder noted that he will schedule a meeting with the Penryn board members and their interim Chief Shannon in the next week.

Station 18 New Truck Room Update: Chief recommends discussion on the proposed project and progress made to date. Chief Walder explained that the plans are in their second plan review now but once the review is finished the architect will come present the plans to the board for a bid ready project. He noted that there were still environmental issues at the site: lead paint and asbestos to remove that would require an additional estimate for their removal. The project will be presented again to the Board for further discussion.

Hazardous Vegetation Enforcement MOU: Staff recommends action to authorize the Chief to enter into the updated MOU agreement with Placer County over hazardous vegetation enforcement. This is a revised MOU approved by the County with revised language that has been sent to District legal counsel after discussion in the December 2020 board meeting. Legal counsel has approved the language and agreed the MOU is beneficial for both parties. Director Gibson made a motion to approve the Hazardous Vegetation Enforcement MOU. The motion received a second from Director Mullin. Carried

Rollcall:

Ayes: Musso, Bajtos, Johnson, Mullin, Grenfell, Ryland, Gibson Noes: None Abstain: None

Employee Retention: The Chief recommends discussion on employee retention as a standing item for discussion for every board meeting. Chief Walder began that since last month's report there has been one Firefighter Paramedic resignation. Labor and management have recently again met to discussion retention issues and identify items for further discussion.

NEW BUSINESS

Adoption of the South Placer Fire District Annual for the Fire Impact Fee Program: Staff recommends approval of the resolution adopting the fire impact fee program annual report for fiscal year 2019/20. In accordance with Government Code Section 66006(b) (1) and (2) the District is required to prepare a one year report and has determined that the report is true and correct. The report has been posted online for general viewing. There were no requests made to the District for notification as of the preparation of this meeting. There are no new revenues being collected under this Nexus Fee program since the approval and implementation of the Consolidated South Placer Fire District Nexus Fee Study and fee program. The beginning balance for the fund was \$104,000, with \$30,000 remaining at the fiscal year end. The fund will be spent down to zero within the South Placer District boundaries.

Director Ryland made a motion to approve Resolution No. 8-2020/21 and to approve the South Placer Fire District Annual Report for the Fire Impact Fee Program. Seconded by Director Gibson. Carried

Rollcall:

Ayes: Musso, Bajtos, Johnson, Mullin, Grenfell, Ryland, Gibson Noes: None Abstain: None

Adoption of the former Loomis Fire Protection Districts Annual Report for the Fire Impact Fee Program: Staff recommends approval of the Resolution adopting the fire impact fee program annual report for fiscal year 2019/20. In accordance with Government Code 66006(b) (1) and (2) the District is required to prepare an annual report and has determined the report is true and correct. The District did post the report online for general viewing. The fund began the year at a balance of \$214,000 and received over \$3000 in interest. The fund at fiscal year-end was spent down to \$95,000 and will be reduced to zero by spending within the boundaries of the former Loomis Fire District boundaries.

Director Gibson made a motion to approve the former Loomis Fire Protection Districts Annual Report for the Fire Impact Fee Program and to approve Resolution No.9-2020/21. The motion received a second by Director Ryland. Carried

There were no requests made to the District for notification. This fund collects and expends for the newly consolidated district boundaries. At the beginning of the fiscal year the balance was \$369,000 collected with over \$5,000 earned in interest.

Director Ryland made a motion to approve the Consolidated South Placer Fire Districts Annual Report for the Fire Impact Fee Program and to approve Resolution No. 10-2020/21. The motion received a second by Director Bajtos Carried

Budget Revision for replacement of Duty Vehicle: Staff recommends approval of the budget revision to move forward with the purchase of the replacement vehicle. Vehicle 012 was a complete loss and reported to the Board in October of 2020. Insurance covered the vehicle at agreed upon value of \$38,000. Insurance has paid \$6,534 cash value of the vehicle to the District to date. To receive the balance of the agreed upon value the District must show a bill of sale covering the agreed upon value of the loss. The remainder of the buildup of the duty vehicle is estimated to cost \$35,000. This will eliminate the need to replace the current back up duty vehicle as previously reported in 2022/23. Chief Walder asked the Board to approve a budget revision for \$73,000 in the capital expenditures category for the 2020/21 budget. He noted that the purchase will save the district \$35,000 in the apparatus plan. Director Gibson made a motion to approve the budget revision to purchase a replacement for duty Vehicle 012. The motion received a second by Director Bajtos. Carried

Rollcall:

Ayes: Musso, Bajtos, Johnson, Mullin, Grenfell, Ryland, Gibson Noes: None Abstain: None

Authorization to proceed with Budgeted Engine Purchase: Staff recommends authorization to purchase the budgeted Type 1 Engine with a brief presentation by the Apparatus Committee. Captain Paramedic Nick Paskey made a short presentation on the apparatus committee's recommendation to purchase two new engines this fiscal year. He noted that many engines in the fleet have over 80,000 miles and it would be a benefit to have uniform apparatus in the District. He continued that Detroit motors will discontinue soon not be an option in Pierce products. After 2/1, there is a \$35,000 increase in pricing by Pierce. Funds are in the budget to replace one engine this year with the understanding that the Covid pandemic may lead to many economic changes that could delay the purchase. At this time staff believe that we should move forward with the planning process and have the committee proceed with the build process. There is an opportunity to purchase two engines which would enable the District to surplus Engine 20 and utilize the low interest rates currently available. Historically, the District has paid cash for purchases but it has used HGAC financing in the past for the aerial truck purchase. One engine cost is \$706,000, two engines would be \$1.394 million. Chief Walder suggested the board continue the discussion at a special meeting proposed for Wednesday, January 27th. Director Mullin made a motion to continue the discussion at a special board meeting in the next week. Director Ryland made a second to the motion.

INFORMATION AND DISCUSSION

Covid-19 Update: Chief recommends updating the Board on the status of the current pandemic and the District's response and preparations. He noted that the District has encountered one Covid call per day and had several infected employees. He continued that the reporting, tracking and tracing of sick employees has been a lot of work. It was noted that the District is still doing as much as possible to keep exposures down by social distancing. While cases are still high in Placer County the District has worked hard to keep responders on the engine to keep servicing the community. Chief Walder added that he recently began ordering custom shields for the firefighters as a thanks for all their efforts during the pandemic.

Old Business:

- A. Fire Engine(s) Authorization to Purchase: Staff recommends discussion and authorization to enter into agreement to purchase two Pierce Fire Engines with Golden State Fire Apparatus using the HGAC Buy Program. At the January board meeting the board was presented with a two-engine purchase presentation to take advantage of current discounted pricing. Two lenders have proposed financing options available to the District that reflect very low interest rates and favorable length of terms. One engine is currently

budgeted in this year with the second engine expected to need replacing in the next two years. Interest rates with Community Leasing range from 2.5% - 2.6% with a down payment of \$699,000. Pierce Manufacturing offers financing through PNC at an interest rate of 1.61% over two years. It was noted that there was a prepayment discount of an additional \$52000 if paid in full in 15 days. Director Ryland suggested the District put ½ down on the purchase and finance the balance over a long term – up to five years. Chief Walder asked the Board for authorization to obtain the best financing available and move forward with the purchase contract for the two engines. Director Gibson made a motion to approve and authorize Chief Walder to purchase two engines and obtain the best financing available over a 5-year term. Director Bajtos made a second to the motion. INTEROFFICE MEMORANDUM**

TO: BOARD OF DIRECTORS
FROM: CHIEF ERIC G. WALDER
SUBJECT: BOARD MEETING AGENDA STAFF RECOMMENDATIONS
DATE: FRIDAY, FEBRUARY 05, 2021
CC: BOARD SECRETARY KATHY MEDEIROS

Agenda Item: Employee Retention:

Action Requested: The Chief recommends discussion on employee retention and possible District action that may improve the District's ability to retain and recruit employees.

Background: The California State Fire Service is experiencing a shortage of Paramedic Firefighters as such most Firefighting organizations are directly in competition with one another to hire and retain Paramedic Qualified Firefighters. Since the last Board meeting one Probationary Paramedic Firefighter was released from employment with the District. Additionally, two paramedic firefighters and one engineer have begun orientation on the 1ST of February.

Through the Labor Management meeting process that was initiated 5 months ago, L522 South Placer Unit requested that retention issues be discussed at the Board level at each Board meeting.

The Labor unit requested that the District partner with Columbia Southern University, the attached MOU was sent to legal for review. Staff will bring forward at the March meeting with more information and possible action.

Impact: Increased awareness of retention issues

Presiding Officer/Chair
Placer County Special District

From: Kris Berry, Executive Officer

Re: Call for Nomination--Special District Representative

Dear Presiding Officer/Chair:

This letter is the official call to open the nomination period for one regular and one alternate Special District representative seat on the Placer Local Agency Formation Commission.

The current Special District representatives are regular member Joshua Alpine, Placer County Water Agency (term expired May, 2020), and alternate member Mike Lynch, Auburn Recreation and Park District (term expired May, 2020). These Commissioners will serve the LAFCO Commission until new appointments are made. It is necessary to select a Special District representative and alternate representative for a four-year term. The new terms will expire in May, 2024.

Under Section 56332 of the Cortese-Knox-Hertzberg Act, the Executive Officer calls meetings of the Special District selection committee. The committee consists of the Presiding Officers of each independent Special District within the County (or members appointed by the legislative bodies to attend in the Presiding Officer's place). There are thirty-eight (38) such independent Special Districts in the County. A quorum would consist of one more than half of this number, twenty (20).

In the past, it has proven difficult given the busy schedules of most board members, to select a time when a sufficient number of Presiding Officers could be assembled to achieve a quorum.

Recognizing that it may be infeasible to hold a meeting at a time that is convenient for a quorum to attend, Section 56332(f)(3) allows for the Executive Officer to conduct the election for Special District representatives in writing. Under this new procedure, the Executive Officer call for nominations may be sent and submitted to by electronic mail within thirty (30) working days, allowing sufficient time for directors of the districts to take formal action on nominations. At the end of the nominating period, the Executive Officer prepares a ballot with voting instructions and sends the ballot to each district, allowing thirty (30) days for balloting. The Executive Officer then tallies the ballots and announces the results.

A nominee must be the Presiding Officer or a member of the legislative body of an independent Special District. The Cortese-Knox-Hertzberg Act encourages the selection of Special District representatives to represent the diversity of the districts with respect to population and geography.

The nomination period shall close at 4:30 p.m. on Tuesday, March 16, 2021. Nominations must be submitted by that time to:

Placer LAFCO
110 Maple Street
Auburn, CA 95603

Upon the closing of the nomination period, staff will prepare and mail a ballot to each Special District with voting instructions. Ballots will be due thirty (30) days after mailing.

If you have any questions about this procedure, please feel free to contact this office.

Sincerely,

A handwritten signature in black ink, appearing to read 'Kris Berry', is written over a horizontal line.

Agenda Item: Covid-19 Update:

Action Requested: Staff Recommends Discussion and Information Sharing on the Latest Covid-19 information.

- **Background:** The Covid -19 pandemic has spread across the globe and has impacted the State of California resulting in a March 19th, 2020 Executive Order issued by Governor Gavin Newsom for all Californians to shelter in place, with the exception of critical workforce employees. In preparation and anticipation of this statewide order the Fire Chief on March 16th, 2020 issued directives to be implemented immediately to protect the critical workforce and the local community. This effectively altered operations to take care of the critical operational components of our service while continuing the basic level of service in our prevention division. On March 23rd, 2020 Bulletin #2020-1 was issued updating the directives. The first comprehensive South Placer Fire District Covid-19 Plan was issued after consultation with labor and management employees. The SPFD Covid - 19 Plan is monitored and updated regularly for changes in guidance by local, state, and national health care officials. Periodic emails are being produced internally to inform the Districts employees of the pandemic. **The District has available to all employees for initial testing antigen rapid tests contact Battalion Chief for testing location. If positive the District will provide PCR testing for confirmation.**

COVID-19 Response Plan

This is a live document, subject to change as pandemic evolves.

Changes in Blue

Introduction

- This plan represents the efforts of South Placer Fire District to prepare for a widespread infectious disease or pandemic event which could create an emergency or even a disaster. This plan is specific to South Placer Fire District. It does not supersede agency specific direction that can be found in **SPFD Bulletin #2021-1**, or direction from either a State Agency or from State or Local Health officials.

Objectives

1. Maintain the **health and well-being** of agency personnel and their families.
2. Ensure continued **emergency response** capabilities to protect the citizens and to fulfill the District's mission.
3. Institute **preventive measures** at all South Placer Fire District Facilities.
4. Promote **proper hygiene** to prevent the further spread of the disease.
5. **Monitor the health** of employees to ensure they receive proper and appropriate care.

Current Information

The Fire Chief or designee (Deputy Chief) will provide routine updates via email that reflect new information, direction and guidance as it becomes available from the CDC, Public Health, SSV, or other relevant sources. **If you have any questions about this plan or its direction contact your Battalion Chief.**

Prevention and Preparedness

- No public presentations/ school visits (internal or external)
- Practice social distancing to the extent possible
- Review all CDC/Placer Public Health/State changes/recommendations when received
- All stations will be cleaned at a minimum of twice a shift or more often as appropriate.
- Prepare personal plan (home plan)
 - Preventative steps to prevent cross-contamination to family/friends
 - CDC Home plan check list:
<https://www.cdc.gov/coronavirus/2019-ncov/community/home/index.html>

Response

- Use enhanced dispatch and response procedures
- **Due to the spread of the Disease and the numbers of positive cases, address list are not being provided by HHS, or are not reliable.**
- Placer County Dispatch will continue processing calls as normal, in addition to asking specific questions related to current pandemic. If the Dispatcher receives any

information that leads them to suspect the patient may have Covid-19 they will voice **"PPE Alert"** over the radio.

- Incidents dispatched with **"PPE Alert"**, recommended PPE includes: Disposable patient examination gloves, eye protection, disposable isolation gown, respiratory protection (N-95 or higher) for all personnel on the call.
- **The Dispatcher questioning is only as good as the information they receive back, do not rely on the absence of "PPE Alert" to assume the absence of COVID-19.**

Patient Assessment & Treatment

All Incidents:

- Personnel will exercise appropriate precautions when responding to **all incidents**.
 - **Personnel will wear a facemask on all patient contacts where Covid-19 is not suspected.** A single facemask can be worn for the entire shift unless the facemask becomes contaminated. If facemasks are unavailable personnel can utilize N95 respirators as above.
 - If possible, the patient should be instructed (either by dispatch or initial arriving responders) to meet EMS personnel outside the building or in an area that will allow for adequate distancing (living room, etc.).
 - If possible, initial assessment should occur from a distance of at least six (6) feet from the patient. Involve the fewest personnel required to minimize possible exposures.
 - Patient contact should be minimized to the extent possible until a facemask is placed on the patient.
 - If possible, a facemask should be worn by any patient with signs/symptoms of a respiratory infection for source control. If a nasal cannula is in place, a facemask should be worn over the nasal cannula. Alternatively, an oxygen mask can be used if clinically indicated. If none of these options are possible, have the patient cover their mouth/nose with tissue when coughing.
 - To reduce exposure risk, family members are not allowed to ride to receiving facility in District vehicles. Exception: Guardians of minors and other dependent individuals, Guardians will ride in the patient care compartment of ambulances in a seated position **and will be required to wear a mask at all times.**

- If COVID-19 is not suspected, personnel shall follow standard procedures and use appropriate PPE for routine evaluation of patients with a potential respiratory infection. **At a minimum, a simple face mask will be worn on all calls.**

If COVID-19 is suspected or known:

- Involve the fewest personnel required to minimize possible exposures.
- Personnel providing direct patient care, or who will be in the ambulance patient care compartment with the patient, shall follow contact and airborne precautions. **Required PPE includes:**
 - N-95 or higher-level respirator or facemask (if a respirator is not available).
 - N-95 respirators or respirators that offer a higher level of protection should be used instead of a facemask when performing or present for an aerosol-generating procedure.
 - When the supply chain is restored, fit-tested EMS clinicians should return to use of respirators for patients with known or suspected COVID-19.
 - Eye protection (i.e., goggles or disposable face shield that fully covers the front and sides of the face). Personal eyeglasses and contact lenses are NOT considered adequate eye protection.
 - A single pair of disposable patient examination gloves. Change gloves if they become torn or heavily contaminated.
 - An isolation gown.

Precautions for Aerosol-Generating Procedures:

- If possible, consult with the base/modified base hospital for specific guidance before performing aerosol-generating procedures.
 - An N-95 or higher-level respirator, instead of a facemask, should be worn in addition to the other PPE described above, for personnel present for or performing aerosol-generating procedures.
 - EMS personnel should exercise caution if an aerosol-generating procedure (BVM ventilation, oropharyngeal suctioning, endotracheal intubation, nebulizer treatment, CPAP, etc.) is necessary.
 - If possible (i.e., while still on scene), the rear doors of the ambulance should be opened, and the HVAC system should be activated during aerosol-generating procedures. This should be done away from pedestrian traffic.
- Engine/Truck Personnel should not accompany ambulance personnel for transport unless patient is in cardiac arrest, respiratory failure, severe trauma, etc. Use your best clinical judgement if the additional exposure risk is needed for the appropriate treatment of your patient.

Personal/PPE Hygiene:

- Respiratory and cough etiquette
- Wash hands with soap and water for a minimum of 20 seconds before and after contact with patients, after using PPE, and after touching contaminated surfaces
- Complete a gross decontamination at the scene, including medical gear and bags
- Properly doff and dispose of medical waste into biohazard bag
- Clean and disinfect boots using proper disinfectants
- If appropriate, shower and launder uniforms

Staffing:

- Follow the existing callback procedure and staffing procedure.

Staffing Reductions:

- If necessary, contact the Battalion Chief, who will immediately notify the Fire Chief. The Fire Chief will determine which units/stations are to be down-staffed due to Corona virus impacts. Medic Units will remain staffed as a priority.

Exposure/Reporting

- Use the SPFD COVID-19 Prevention Program (CPP), contact on duty Battalion Chief for all exposures or potential exposures.
- **If exposed to someone who has a fever or respiratory symptoms without proper PPE or breach of PPE, contact the Battalion Chief and submit a completed Injury/Exposure incident report.**
- Testing protocol and development through Public Health/CDC and or Occupational Health. The District will use all means at its disposal to have our employees tested by the most expedient means available.

Prevention/Preparedness

Handshaking/Social Distancing

- Employees will refrain from "handshakes and fist bumps", as this has shown to be source of transmission. Instead look at someone and acknowledge them with a head tilt.
- Individuals will maintain six (6) feet of social distancing whenever possible.

Coughing and Sneezing:

- All employees will cough or sneeze into their face covering.

Flu Like symptoms:

- Any employees with symptoms indicative of flu (fever, headache, muscle aches, respiratory symptoms, sore throat) should contact their supervisor immediately. Exposing fellow co-workers puts our workforce and vulnerable patients at risk. **The District has available to all employees for initial testing antigen rapid tests contact Battalion Chief for testing location. If positive the District will provide PCR testing for confirmation.**

Communication:

- South Placer employees will contact their supervisor to assess that appropriate inventory levels of PPE are being met and to confirm and assess any employee health issues. The goal is to maintain sufficient personnel staffing for continuity of service and to identify any unrecognized trends of multiple illnesses.

Inventory:

- South Placer Fire Logistical Leads will work to ensure a 30-day supply of available disinfecting cleaners and PPE for use in District storerooms.

Medical Equipment Replacement

- Keep the fire station equipment stock at a level to be able to run emergency incidents for a two-week period at the minimum. This is to eliminate mixing of crews and reduce possible spread of COVID-19.
Document any equipment needs to the appropriate contact Via Email with detailed descriptions of the need.

Masks/Safety Glasses:

- If PPE becomes limited and **PPE is not contaminated** such as your N95 masks, you may use again. Eye protection can be cleaned and disinfected and used again. Use proper donning and doffing of PPE and launder and change clothing as needed.
- Mounting evidence shows that infected persons can transmit COVID-19 during the pre-symptomatic phase. EMS personnel are strongly advised to wear a facemask during all patient care activities, when the use of an N-95 or higher-level respirator is not indicated. A single facemask can be worn for the entire day. This will provide some protection to EMS personnel and will help to prevent inadvertent transmission from pre-symptomatic healthcare workers to patients and co-workers.
- To extend the supply of N95 respirators, CDC has issued guidance on decontamination processes for N95s using vaporous hydrogen peroxide, ultraviolet germicidal irradiation, or moist steam. N95s may be decontaminated 3-5 times, depending on the process, thereby greatly extending N95 supplies (<https://www.cdc.gov/coronavirus/2019->

[ncov/hcp/ppe-strategy/decontamination-reuse-respirators.html](https://www.cdc.gov/hcp/ppe-strategy/decontamination-reuse-respirators.html)). Currently the District has a sufficient supply of new N95's for use within the District.

Non-Emergency Use of Facial Coverings

- **Face Coverings** – Follow Bulletin #2021-1 and the Districts COVID—19 Prevention Program . **Face coverings are not to be used to replace current PPE guidelines.**
