

SOUTH PLACER FIRE DISTRICT

Solar Photovoltaic Systems RFQ 01-2022

ADDENDUM NO. 1

October 27, 2022

Prospective Respondents:

All prospective bidders are hereby advised of the following Addendum to the RFQ proposal. Please incorporate any changes as part of your response to the RFQ issued October 18, 2022.

1. **Planned Production:** The responder should briefly describe its experience with PV systems ranging in size from 20KW to 1MW.
2. **Development Period:** List any information pertaining to the development period in section F.
3. **Labor Requirements:** List any information pertaining to the labor requirements in section F.
4. **Response Validity:** Proposers do not need to provide a 90-day response validation.
5. **Response Evaluation:** Responses will not be evaluated on Work Plan, Rates/Fees or 20-year performance and savings model as there are no design or bid specifications provided for this procurement.

Response deadline remains November 2, 2022, at 2pm PST.

Questions regarding this procurement must be submitted in writing by e-mail to Municipal Energy Advisors, Inc., attention John Kaufman at john@municipalenergyadvisors.com. No contact with the SPFD personnel is permitted and may be cause for disqualification.
